DES ARE STOPPED BECAUSE OF UNFAIR RIDING. been in this country a few weeks. They stood the ocean voyage well and look nearly ready to be put down to hard work. Corrigan thinks well of his English horses, as he does, also, of his American norses, He has some likely 2-year-olds by his Derbywinning stallion, Riley, that are racy-looking counsyster. **HURDLE RACES ARE STOPPED**

Crescent City Officials Confess That They Are Unable to Keep the Jockeys Straight-Some Instances of Their Cheating -Turf Gossip the Country Over.

ecial Correspondence

New Orleans, La., March 13.-The Crescent City Jockey Club officials frankly confess that they abolished steeplechase racing ecause of their inability to keep the riders of jumping horses from cheating. The steeplechase course in the infield of the race track has been torn out and jumping races will be barred by the Crescent City Jockey Club benceforth.

"We tried to encourage jumping races," said Captain Rees, the presiding steward, because we were of the opinion that our patrons liked to witness the sport, but the contract of keeping the riders of the jumping horses straight was entirely too big a contract for me. As fast as I would get rid of one set of manipulators, another gang would spring up. For instance, take Bristol's last race. We had to disqualify him for bolting from the regular course right in front of the grand stand. Jockey T. Cor-ner, who rode the horse, was ruled off, but,

disqualification of the horse.

"This affair happened right on the heels of our recent sweeping decision ruling off a whole band of jumping jockeys and horse owners. Coming, as it did, so soon after this decision, the Bristol affair satisfied Mr. Bush and myself completely that it was next to impossible to keep the steeple. was next to impossible to keep the steeple-chase races free from manipulation. Under the circumstances the track management the circumstances the track management did the proper thing in abolishing the whole steeplechase game. These jumping jockeys have given us all kinds of trouble. They have had powerful business men constantly interceding on their behalt. A boy named Porter, that I suspended last winter, is now sueing the track for damages, and some of the others have gone so far as to threaten me with bodily harm, if I failed to reinstate them."

to reinstate them."

Edward Corrigan will campaign the most extensive stable of horses on the Western turf the coming season. The former master of Hawthorne has fifty-five head of thoroughbreds in training at the Churchill Downs track in Louisville. He has a large division of 2-year-olds, most of which he bred himself at his California stud. Riley, one of the greatest sons of Longfellow, and Artillery, an imported Australian horse, sired most of the 2-year-olds that Corrigan bred himself. Artillery is a son of the great Musket, who also got Barney Schreiber's horse Foul Shot.

One of the most promising youngsters in the Corrigan stable is a cnestnut colt by Riley—Hattle Harris, dam of Joe Uliman, This colt has plenty of size and is a fine individual. Another chestnut colt by Riley—Miss Murphy is said to have shown some fast trials. Mr. Corrigan raced a filly out of Miss Murphy with considerable success on the English turf last year. One of the raclest-looking youngsters in the Corrigan stable is a chestnut colt by Riley—Miss Bowling. Mr. Corrigan also won with a sister to this colt in England last year.

Another 2-year-old son of Riley that is said to give every indication of developing into a race horse is a brown colt out of Kitty Murphy. The pick of the Artillery colts in the Corrigan stable is said to be a brown colt out of Lucerne. Mr. Corrigan used to race the dam of this colt himself and won many a purse with her on the Chicago tracks.

Among the horses that Mr. Corrigan brought back with him from England are

and won many a purse with her on the Chicago tracks.

Among the horses that Mr. Corrigan brought back with him from England are a pair of beautifully-bred youngsters. The former master of Hawtherne expects great things from both these colts. One of them is called Knightly and is a bay colt by White Knight-Remorse, she by Hermit, while the other is called Raven and is a bay colt by Ravensbury-Rake's Tail, she by The Rake.

Mr. Corrigan will divide his big stable up between Chicago and St. Louis the coming season. He regrets having made no stake entries at St. Louis, but that fact will not prevent him from sending a division of his stable to take part in the sport at the Pair Grounds and Delmar. Frank Rice, the 2-year-old, by Doctor Rice, that Mr. Corrigan bought here the other day for \$2.500, has just been shipped to Louisville.

W. H. Fizer who led the minimum of the specific of the stable to the proposed to Louisville.

W. H. Fizer, who led the winning owners at St. Louis last season, has decided to race the pick of his string at Washington this spring. He thinks that Felix, Bard and Bill Nixon, winner of the Premier Stakes, are good enough to win anywhere. These Fizer horses go to Washington thoroughly seasoned and will doubtless win more than their share of the purses before the Eastern performers have been campaigned into condition.

One of the features of the New Orleans meeting has been the success of R. G. Westerfield with the horses Ben Chance and Asim. Mr. Westerfield keeps a little restaurant near the main entrance to the Crescent City race track. When not training his horses he is cooking meals for his contumers. The fact that he has captured three or four stakes with two horses that have classed as selling platers heretofore would indicate that he knows a thing or two about training thoroughbreds. People who patronise his little beanery assert that he can cook as well as he trains race horses.

these two horses have placed Westerfield in the front rank of successful owners at New Orleans this season.

New Orleans this season.

It looks as though Willie Dale, who was one of the leading jockeys at St. Louis last season, will enjoy an indefinite vacation on the ground, unless the Western Jockey Club stewards should reinstate him over the head of Captain Rees, the presiding steward, at New Orleans, Captain Rees suspended Dale for an unsatisfactory ride on Pageon Post. The animal's races since then would indicate that Captain Rees had been a triff severe on Dale. Horsemen generally sympathize with the boy. In a conversation with me the other night about Dale's case, Captain Rees reiterated his conviction that Dale had "taken care" of Piscon Post. He may be right in his opinion, but it seems strange that the horse has failed to run any better since then, with weight of.

Dan Lamasney, Tommy Griffin, J. U. Strode, Ownby & Hatfield, Tom Nepper, C. C. McCafferty, W. W. Finn, James Arthur, R. M. Vestal, W. H. Laird, Charles Bowe, McDardels & Co., W. W. Lyle and R. G. Wenterfield are some of the prominent owners that expect to ship from New Orleans to Little Rock next week.

Charlie Cella will probably invade the Eastern turf the coming spring. Charlie is the biggest winner among the bookmakers operating here this season. He expects to go East in time for the Bennings meeting at Washington. The plunging St. Louis bookmaker has won most of his money down here this winter from Max Frank, Bob Lloyd, Dan Donnelly and other big Eastern bookmakers. Because of his success in outfiguring and outplaying these high-rollers of the metropo itan turf at the New Orleans track the St. Louisan is confident that he can go East and more than hold his own with them on the big New York tracks. Any way, he is determined to take a whirl at the Eastern game, and will commence operations at the Bennings spring meeting.

R. J. COLLINS.

ACTIVITY AT LOUISVILLE. Many horses in Preparation at Churchill Downs. Louisville, Ky., March 15.—Everything is

on the move at Churchill Downs these early spring days. More than 400 horses, the best thoroughbreds in the country, are being thoroughbreds in the country, are being prepared there for the equine contests of 1862 both in the East and West. This last week was practically the beginning of the real preparation of the large number of horses that had been retarded somewnat by the severe weather in February.

The track, after two days of sunshine, was thoroughly dried out, and all the trainers began to breeze their charges along. Good stiff gallops in the early mernings were given nearly all the horses, and many

WILLIAM H. CLEARWATER. One of the contestants in the champion ship pool tournament at Brooklyn Clear-water gives promise of finishing near the

ing youngsters.
The old horseman, while as eccentric r.d. The old horseman, while as eccentric r.i.d as positive as ever, had many of the rough edges worn off by his trip to England. He is still a leader among horsemen, but the dash and abruptness of his former days have subsided, and now most everyone is greeted by him with a pleasant smile and a warm handshake.

The Pepper string, that is being trained by Crit Davis, has wintered well, and, headed by such good 3-year-olds as Whisky King, King Pepper and Baron Pepper, with a large number of untried 2-year-olds that are bred in the purple, will be shipped East about the middle of next month, ready to capture some of the early stakes. Davis has always won his share of the rich stakes in the East with the Pepper horses, and from the way all of his horses are moving along he will surely get his share.

CATHOLICS MAY USE

Cardinal Gibbons Said to Be Pleased With This Style of Music.

POPE'S VICAR ALSO LIKES IT.

Roman Colleges Have Taken Up Revival and the Reform Is Expected to Be General.

REPUBLIC SPECIAL.

New York, March 15 - Cardinal Gibbons introduce what is known as "Solesmes Chant" in the United States in the near future. During his recent visit to Rome, his Eminence was invited to a "saggio" of church music at the South American College, an instutution which had adopted the "Solesmes Chant" some time before. The Cardinal was please, with the rendition, and delivered an address in which he expressed his intention of in-troducing it in Baltimore.

The Benedictines of Solesmes have de voted themselves for many years to the study of documentary and other sources of knowledge relative to the traditional plain chant music of the Catholic Church. The labors have resulted in the publication of a series of elaborate works, which in-cluees da complete edition of all the liturg-ical music of the Catholic Church. This version of Catholic music is agreed by au-thorities to be more melodious, perfect, devotional and true to the original forms than the Radisbon edition, which has hitherto been the official one and in use for years The Radisbon edition of plain or Gregorian chant has been generally used, and until 1901 had the sole approval of the Congregation of Rites, but the Solesmes edition has now been generally recognized to be the best, and the Congregation of Rites has is-sued a letter, in which it states that the edition has received the approval of the

edition has received the approval of the Holv See.

Cardinal Respighl, the Pope's Vicar General, has aim written a letter commending the idea of establishing a college at Rome for the study of the "Solesmes Chant." There has been a revival of interest in the rendition of plain chant in the Catholic Church, particularly at Rome, ever since Pope Leo issued his famous brief, "Nos Quiden," last year, which was addressed to the Abbott of Solesmes. In this brief study the Pope counseled those interested to study the venerable melodies of the Gregorian chant. Cardinal Satolli, recently Papal Legate to this country, and Prefect of the Congregation of Studies, also issued a letter, in which he assured the professor of liturgical chant, at the University of Freiburg, that the Pope desired carnestly to see the plain chant brought back to its primitive purity. There has hitherto been but little plain chant rendered in the churches, even at Rome. Cardinal Satolli has, however, set alout reforming the music of the churches in the Eternal City, as an illustration of the desire of the Holy See to have Catholic Church music everywhere reformed.

Many of the Roman colleges have taken up the revival, and it is fully expected that the reforms will be general. The outcome is being watchel with interest, as it may result in the banishment, as far as possible, of modern music from the Catholic churches in general and the development on a grand scale of the Gregorian chant. It will be remembered that Baltimore possessed at the cathedral, for some years, under the direction of Professor Hurley, one of the finest Gregorian choirs in the world.

MOCK CORONATION CEREMONY WITH POLICEMAN AS KING.

SPECIAL BY CABLE TO THE NEW YORK HERALD AND THE ST. LOUIS REPUBLIC. London, March 15 .- (Copyright, 1902.)-There is a peculiarly interesting ceremony about twice a week at Westminster Abber these days. A stalwart, grinning "bobby sits upon an ordinary cane-seated chair while a tin crown is put on his head, to the accompaniment of thunderous peals from the great organ and the shrill voices of

It is one of the rehearsals preliminary to the coronation. At the ceremony in June moment, will advance toward the King and place upon his brow the crown. The music has to be arranged to fit the movements of the great personages. As the Archbishop advances the organ plays. There is silence as the crown is placed upon the King's head; then the organ and choir burst forth into joyful thanksgiving.

To fix the proper intervals of silence and music to fit the requirements of the cere-mony is the object of the mock coronation of the grinning policeman in the abbey.

TORPEDO FACTORY BLOWN UP One Employe Killed and Seven

Seriously Hurt. Cleveland, March 15.-An explosion in the powder-mixing department of the Fairmount Manufacturing Company early today resulted in the death of one girl emday resulted in the death of one girl employe, while at least seven other persons were seriously injured.

The dead girl is Anna Fritz, 17 years old. The injured are: Miss Christine Smitzer, Miss Kittle Howard, Frank Grosch, Miss Augusta Alden, Lena Kort, Mrs, Liza Cottill. Miss Helen Carey.

The cause of the explosion is not known. The company manufactures railroad torpedoes.

FUNSTON AT THE WHITE HOUSE Will Not Be Sent Back to Philip

pines Unless He Desires. Washington, March 15.-Brigadier General Prederick Funston, U. S. A., to-day took luncheon with the President, after having been in consultation with him for some time.

Nothing has yet been arranged with regard to the future duties of General Funsion, but it is probable that he will not be sent back to the Philippines until he wishes

PING-PONG RULES. New Yorker Issues Guide Book of

New Game.

Ping-pong has sprung into popularity in this country quite as suddenly as it achieved fame in England, but one thing that has been lacking in connection with the game in this country has been a book of complete rules and a few practical hints as to how to play.

In a publication just issued by F. Hammatt Norton of New York City the want is supplied.

In a publication just issued by F. Hammatt Norton of New York City the want is supplied.

"Ping-pong," says Mr. Norton, "according to the authority of those who brought it to this country, had its origin in Japan, where the Japanese played the game more than a century ago, it derived its musical name from the sound of the celluloid ball striking the catgut or vellum racquet, and history tells of the games for enormous stakes played by the Japanese in ancient days. Visitors to the land of the chrysanthemum saw the game played by the Japanese experts and carried it to England. There it was called by the euphonious name of whiff-whaff, and its introduction into clubs and private houses caused a cessation of billiards and pool and the tables were utilized to set out the paraphernalia for the game of whiff-whaff.

"Ping-pong," continues Mr. Norton, "was introduced into this country by a prominent member of the Harvard Club of New York City, who was for many years an expert player of the game of lawn tennis and captured many emblems by his prowess on the tennis courts.

Ned Hanlon has signed a young catcher new to the big leagues—H. L. Haines of Red Lion, Pa.

EUCHRE AT ST. TERESA'S—In St. Teresa's School hall Tuesday evening. April 1. a euchre will be given, the proceeds to go to the benefit of the new church. Among the prises are several large chairs, a gas range and many pictures.

THOLIGS MAY USE "SOLESMES CHANT." HOPE FOR WEAK

How Our Modern Method of Treatment Imparts Tone and Strength to the Erectile Tissues of the Generative Organs and Permanently Restores All the Wasted Powers of Manhood.

We Can Do What We Advertise.

Read Convincing Testimonials Below.

The Doctors Who Cure to Stay Cured

Varicocele in 5 Days (Safely and Painlessly), Stricture in 10 to 20 Days, Blood Poison in 30 to 90 Days, and Nervo-Sexual Debility in 30 to 90 Days.

These are the four great destructive maladies which undermine manhood and lower the standard of vital power and endurance in an inconceivably vast army of men. It is a deplorable fact, but nevertheless true, that the great majority of all men are compelled to turn away disappointed and mortified to discover that they are but weaklings, unable to enter the ranks of the vigorous and sturdy because of the debilitating effects and victous ravages of these chronic, treache affilctions. The importance of early treatment for these diseases cannot be too strongly emphasized; they will never cure themselves, but, on the contrary, are constantly becoming more aggravated, and in time, if neglected, will break down the strongest constitution and fill your whole future with misery, suffering and wee. Many men make the grave mistake of selecting the cheapest treatment obtainable, and consequently are disappointed in the results. Skilled service is always cheaper in the end and much more satisfactory. Because you have tried other treatments and have been disappointed is no reason why we should fall; we claim many advantages over the ordinary physician, who lacks the knowledge and experience so necessary in specialty cases. Years of devoted study and extensive experience in the treatment of male diseases, and our ever-readiness to adopt every improved, curative, scientific discovery have enabled us to evolve unapproachably perfect methods, distinctively our own, for the cure of these prevalent, destructive ailments and their many, reflex complications.

We understand the diseases which constitute our specialty thoroughly and have perfect confidence in our ability to cure to stay cured every patient who comes to us for treatment. We treat all patients personally; you see no substitutes. Your health and manhood are slipping away; you cannot afford to delay. We guarantee a permanent and lasting cure of fee refunded. Cast aside your modesty. Call and be examined free.

Victims of Varicocele

affliction.

You must realize that the constant drain on your vitality is dragging you down, you know in your own mind that you are but half the man you were before this disease stole upon you. You have lost confidence in yourself, are broading over your trouble in silence, have become morose, irritable and despondent, and unless you do something for yourself your whole future will be filled with misery, suffering and woe. We cure Varicocele in 5 Days, to stay cured, and we are the only Specialists who possess the skill to perfect a cure in this time, in a safe, thorough and radical manner, without causing the patient inconvenience, loss of time, or physical suffering. We have cured thousands of the most aggravated cases, without record of a single failure. Besides giving internal, constitutional remedies, we use a local treatment, which acts by increasing the circulation of blood to the weakened parts, enlarges the wasted glands, invigorates the sympathetic nerves, and gives permanent tone and strength to the crectile tissues of the generative organs. Every trace of weakness and disease disappears as completely as if they had never existed, the stagnant blood is driven from the dilated veins, soreness and swelling yanish, all losses and drains of strength to the crectile tissues of the generative organs. Every trace of weakness and disease disappears as completely as if they had never existed, the stagnant blood is driven from the dilated veins, soreness and swelling vanish, all losses and drains of vigor cease, the weakened Seminal ducts are strengthened; in fact, you will become stronger in every way and soon will possess that confidence, power and sense of well-being which accompany health and robust manhood. Our method of treatment is positively the quickest, safest and surest cure known to medical science, and the only one that should ever be used for this destructive malady. Varicocele is a delicate and serious disease. We have seen many men ruined through incompetent, inexperienced doctors and worthless antiquated treatments. What you want is the very best treatment obtainable, and this we are prepared to give you.

ared to give you.

All our dealings with patients are sacrelly confidential. We do not publish the names of patients without their consent.

The following are unsolicited testimonials from grateful patients whom we have cured of Varicocele:

A Railroader Cured After Others Failed,

Belle Rive, Ill., Jan. 20, 1903.

Drs. Francis and Francis:

Gentlemen: You will remember me. About a year ago I placed myself in your care, a nervous, broken-down wreck, suffering from long-standing Varicoccie and Lost Manhood. I was very skeptical and much doubted your ability to cure Varicoccie in five days, but I now know that you can fulfill all your promises. After returning home I took your supplementary treatment as directed, and can safely say that I am permanently cured. That feeling of timidness and despondency has entirely left me. You cured me after all others falled. You may use my testimonial in any way you like, and I hope it will not only help you, but be of assistance to all sufferers in search of a cure. I assure you that any inquiries I receive regarding your treatment will not be answered to your detriment, as I feel that I can never repay you for what you have done for me. Sincerely yours. JAS G. BODEN.

A Well-Known Lincoln County Farmer Cured.

Drs. Francis & Francis:

Dear Sirs—It is now nearly two years since you so ably treated me for Varicoccle, and my sense of gratitude behooves me to inform you of my condition, Ambition and confidence have replaced my former gloom and despair; I am fully restored sexually, and feel like a King among men. For twenty-two years I suffered all the physical and mental tortures of Varicoccle. Life to me was a miserable existence, but the one week I spent under your care has completely rejuvenated me. My only regret is that I did not meet you twenty years ago. Local physicians told me I could not be cured, but they now join with me in indorsing your treatment. I consider the fee I paid you the best investment I ever made. I would not take \$10,000 for the benefits derived. I will be glad to act as a reference, and will answer all inquiries from fellow-sufferers. Truly yours,

JOHN BREVATOR.

Stricture Sufferers.

Stricture and gleet are the two destructive maladies which go hand in hand for evil in the male genito-urinary system. They never cure themselves, but on the contrary are ever becoming more aggravated, and if neglected or improperly treated are certain to result in Bladder and Kidney Complications of a serious and fatal nature. The method of cutting and dilation employed by most physicians is harsh, unscientific treat ment, and cannot be too strongly condemned, for it invariably leaves the patient in a worse condition than before.

Our cure for Stricture is safe, painless and permanent, and free from surgery in any form. Our treatment, besides possessing wonderful healing and curative powers, is a nti-inflammatory, antiseptic, and germicidal; and the cure is accomplished without suffering or personal inconvenience, in a thorough and radical manner. We can promise every sufferer from Stricture and Gleet complete and lasting freedom from the many annoying and distressing symptoms which accompany these conditions. Every obstruction in the urethra is forever removed, all discharge soon ceases, inflammation and sore ness are allayed, the ulcerated canal and biadder are healed, the prostate gland reduced in size, the sexual system is invigorated and a complete restoration to normal health perfected.

Nervo-Sexual Debility.

Young Men.

Have you yielded to temptation and become a victim of that harmful, victous and solitary practice of self-abuse so prevalent and destructive among most young men? You are realizing the baneful effects. Your sailow, pimpled face, dark-circled eyes, stooping form, stunted development, bashful, melancholic countenance and timid bearing proclaim to all the world your folly, and tend to blight your existence. Nocturnal dreams, exhausting lower of vigor, etc., are a constant drain on your vitality, and will surely lead to an untimely end. Do not despair; we can prepare you for the duties and pleasures of married life and make you once more—a man among men.

Middle-Aged Men.

For some of the sins of your youth you have no doubt aiready paid the penalty. Dissipation and sexual excesses have been added to your list of transgressions. Private and blood diseases have ravased your system and undermined your aiready weakened vitality. Four neglected weakenesses have developed into organic diseases. You are not the man you should be. You lack the power, energy and confidence which are so precious and necessary to perfect manhood. You are old before your allotted time, but if you will awaken to a realization of your true condition and take steps to have it remedied there are yet many golden years in store for you.

Are you one of the unfortunates who have made a wrong commencement and fallure in life? Is your weakened system crying out for help? You are nervous, irritable and despondent, every organ of your body seems deranged; you are growing weaker and weaker sexually; your manhood is on the decline and will soon be lost unless you do something for yourself. Our long experience has rendered us thoroughly familiar with all the causes and effects of Nervo-Sexual Debility, and we have lifted up enough failen men to make an army. Our treatment will remove all the ill effects of your former folly, stop every loss and drain on your vitality, invigorate the wasted sexual organs, clear up the clouded brain; in fact, will strengthen you in every way and quickly restore you to what nature intended—a healthy and happy man, with physical, mental and sexual powers complete. Avoid the many cheap, worthless remedies on the market; they are but temporary stimulants; the treatment we employ contains no injurious drugs and leaves no bad after effects; it builds up gradually and permanently strengthens the weakened parts.

LEXINGTON TRAINING GOSSIP.

Lexington, Ky., March 13.-The stable of A. Featherstone is wintering exceptionally well at Kenmore Farm. Trainer Julius Bauer will return from California in about Bauer will return from California in about ten days and will begin working the youngsters a bit before shipping flast, about April 15.

Thirteen 2-year-olds afe in the barn, including the brother of Mesmerist, called Mesmer, and the sister to the Brooklyn Handicap winner, Doctor Rice, named Mary Street; but it is said that Bauer's favorits of all the youngsters are Ingold a bay colt by imp. Ingoldsby, dam Radiance; Peeper, a brown colt by Halma, dam Bo

Of the older horses, Black Fox is the most improved.

W. H. Laudeman has a letter from Trainer Tucker, which states that Hernando, the Latonia Derby winner of last year, has improved more than any old horse in training at Louisville. He expects him to be pounds better than he was last season.

It is almost a certainty now that, after perhaps one race at Louisville, the son of Hanover will be sent East and be a starter in the Suburban Handicap. While in the East Hernando will be trained by Peter Wimmer.

Dan O'Brien seems low-spirited over the turndown he was given by the Western Jockey Club. Dan had a good season last year, and has a well-filled wallet, part of which he desires to invest in good racing material, but if he can't race his horses

anywhere he chooses he does not feel inclined to make any great outlay in the
business at present.

Lest year he made a profit of close to
110,000 on Aladdin and Blennenworth alone.
Dan made several local turfmen take water
here the other day by calling a party who
offered to bet 500 that Alan-a-Dale would
beat Aladdin in the Memphis Derby.

High as he regards the latter, he says
that Blennenworth is a far better colt, and
will demonstrate his superiority and highstake class if no accident befalls him better
the season is very old.

"Monk" Glendon, who will be a a Bee-Leg this season, has a brother among the Pacific Coast twirlers, who has signed with the Spokane team.
